ALLIES' NEAR-EAST TERMS.

AGREEMENT NOW SIGNED.

MUDANIA, October 9.
General Harrington communicated to Ismet Pasha the text of the allied convention.
Ismet said it was necessary to refer the text to Ankara, but he promised a reply by the afternoon of October 10.

GREEKS AND THE PROTOCOL.

ATHENS, October 10.
Replying to a demand for instructions, the Government has telegraphically authorised General Mazara to the Greek delegate at Mudania to sign the protocol only if the Turks sign.

AGREEMENT SIGNED.

CONSTANTINOPLE, October 11.
The Mudania agreement has been signed.

NEW YORK, October 12.
An Associated Press message from Mudania gives the text of the protocol presented to Ismet Pasha by the Allies. The terms are mainly as already cabled, but the protocol provides that Greek troops must evacuate East Thrace within about fifteen days. Allied contingents numbering seven battalions will occupy East Thrace to ensure the maintenance of law and order and support the allied missions. The contingents and missions will be withdrawn thirty days after completion of the evacuation of the Greek forces or earlier if the Allied governments agree that adequate provision has been made to maintain law and order and to protect the non-Turkish population.

NEUTRAL ZONES.

The new neutral zones at Olanak and Ismidt will be delimited by a mixed commission consisting of one officer from each of the allied armies, and one officer from the Ankara Government. The Ankara Government will undertake not to transport troops into or raise or maintain an army in East Thrace until peace has been ratified.

DUBLIN JAIL SENSATION.

REBEL PRISONERS REVOLT.

DESPERATE FIGHT WITH GUARD.

LONDON, October 10.
In spite of a close watch on the 500 irregulars captured in the Four Courts fighting and incarcerated in Mount Joy Prison, Dublin, arms and ammunition were smuggled in and distributed among the prisoners who revolted to-day. They failed in their attempt to overpower the guard after a desperate fight in which three guards and one prisoner were killed. None of the prisoners escaped.

RUBBER COMPANY'S PROFITS.

LONDON, October 11.
Messrs. Harrison and Crossfield's report for the year ended June 30 gives the net profit as £149,000. After making provision for preference shares the directors propose a 5 per cent dividend on deferred shares and to carry forward £45,000. Investments amounted to 1,409,000 last year.

"MURDER BEFORE GOD."

IRISH HIERARCHY CONDEMNS REBELS.

FREE STATE UPHOLD.

LONDON, October 10.
A full meeting of the Irish Hierarchy at Maynooth has issued a pastoral letter very strongly condemning the revolt and guerrilla warfare against the Free State Government. It declares that killing of Nationalist soldiers is murder before God and denounces robberies and destruction of road and railways and other outrages. The letter announces that persons guilty of such crimes will not be given absolution or admitted to communion if they persist in such evil courses. Any priests approving insurrection are false to their sacred office and are guilty of the gravest scandal. They will not be allowed to retain their faculties held from the Hierarchy.

PREMIER'S DEFIANCE.

CRITICS' CHALLENGE ACCEPTED.

COMING NEAR EAST SPEECH.

LONDON, October 10.
Far from bowing to the clamour of the critics, Mr. Lloyd George, in characteristic fighting vein, has decided to accept the challenge and will speak on October 14 at Manchester, expounding and defending his Near Eastern policy. His speech is likely to have an important bearing on the political situation.

SOVIETS' FOOLISH FIGURE.

BUSINESS WORLD AFFRONTED.

LONDON, October 10.
Mr. Leslie Ughart, Chairman of the Russo-Consolidated Company, interviewed by Reuter, confessed that he was disappointed with the Soviets' decision not to ratify the Russo Asiatic agreement but the last word had not been said. He was convinced that politics would be put in their proper place and the agreement would be ratified when Russia's rulers realized the greatness of the shock they had administered to the confidence of the business world.

AMERICAN LIQUOR RULING.

BRITISH LINERS STILL "WET."

LONDON, October 10.
The North Atlantic Conference at Liverpool only informally discussed the American liquor ruling and took no action regarding the matter. All liners to leave Liverpool this week will carry the usual supplies of intoxicants.

COPPER M'GNATE DE D.

LONDON, October 10.
The American copper magnate, Isaac Guggenheim, has died at Southampton.

DUTCH STRIKERS RESUME WORK.

AMSTERDAM, October 10.

A.D.C.

TO-MORROW NIGHT'S BRIGHT SHOW.

Through the courtesy of the A.D.C., some 300 sailors and soldiers had the privilege of seeing the dress rehearsal of "I Leave It To You," in the Theatre Royal last night. Their evident enjoyment of this bright 3-act comedy is a good augury for Thursday night's success. Many members of the audience expressed their delight at the clever acting and staging. Uncle Daniel received special praise. This light comedy which the A.D.C. is producing at the Theatre Royal to-morrow night and on October 14, 18 and 21, is by Noel Coward, a promising playwright of the younger school. The play was first produced at the New Theatre, London, in July, 1920, under the management of Mary Moore and owing to the great popularity it achieved then, Robert Courtneidge is giving it a revival this winter. The same Manager has accepted another comedy by Noel Coward entitled "The Young Idea" which will be produced shortly.

"I Leave It To You" is a play of youth and charm, the cast comprising no less than six ladies, all more or less evenly distributed parts. The leading woman's part is what can best be described as a "Mary Moore part" and it was probably written for her, although it was created by Kate Cutler. In the A.D.C.'s production it is in the safe hands of one of their most talented members, and after an absence of some years, local playgoers will have the pleasure of renewing acquaintance with a long standing favourite.

A novel sight is to be witnessed in Shanghai just now, nothing less than a foreign woman grinding an organ in the streets, says the N.C.D. News. Various residents of Hongkong observed her on Friday, her appearance attracting a considerable amount of attention from Chinese. The organ is of the square box pattern, supported on one leg, and the woman, who is apparently middle aged, employs a stool to carry the instrument from place to place. The organ bears a considerable resemblance to one seen in the Hongkong district about a year ago, when it was played by a one-legged foreigner.

SHOWER OF ROCKS.

CARELESS CONTRACTOR FINED.

A building contractor was charged before Mr. E. W. Hamilton this morning with having neglected to take the usual precautions when blasting rocks on the site of the Kowloon Dock extension.
Inspector Aris said that the blasting took place yesterday afternoon, about 300 yards from the Hongkong Police Station, and immediately after the explosions pieces of rock rose high in the air and fell just outside the station. A large piece fell on the roof of a house opposite the station. When the witness visited the scene of the blasting, he discovered that no timbers had been put on top of the rock prior to the blasting.
Two previous convictions having been proved against the defendant, the Magistrate imposed a fine of \$100.

The band of the U.S. "Korea Maru" is to play at the Palace Hotel, Kowloon, next Thursday and Saturday from 7.30 p.m. Dancing will begin at 8.

No. 10, Wyndham Street,
P. O. Box 520, Hongkong**SENSATIONAL DISCLOSURES OF CROOK METHODS.****Never in the history of crime has****there been such an epidemic of jewel****robberies as that which at the present****moment is engaging the attention of****the keenest detective brains in the****country.**

Within the last few months no
fewer than six big hauls have been
made, and the total amount repre-
sented by these audacious thefts
aggregates well over £100,000.

Below a special representative of
Reynolds's Newspaper throws an
entirely new light on the way these
perfectly organised gangs of jewel
robbers work.

Whenever wealthy men and women
congregate there is always a harvest
for clever "crooks." Operating with
amazing skill, an international gang
of jewel thieves has concluded one of
its most successful forays. Although
its members are known to the police,
so perfect is the organisation that
there is a superhuman task awaiting
the authorities before these fly gentry
can be brought to book.

The difficulty is to pin a robbery to
the individual perpetrator. To know
that a certain "job" was the handi-
work of the "Timber Craft" or the
"Hop Joint Crowd," the members of
which are mostly Americans and Jews
is not sufficient. The police must find
the man or woman who actually per-
formed the theft, and secure evidence
that will convict.

After a haul, the spies of the
gang watch points. Should police
inquiries focus around any
particular member of the craft,
he leaves hurriedly for a holiday
abroad with a fake passport, and lies
low until the "all clear" signal is sent
from his quarters.

Recruited largely from the old
"Gasworks" gang of New York, which
was broken up by the American police
after ten strenuous years of persistent
effort, the members of the craft now
operating in Europe are the most ex-
perienced jewel thieves in the world.
Nearly all of them are opium smokers,
and it is under the powerful influence
of the poppy juice that their schemes
are planned.

THE STOLEN PIGEON.

A paragraph in the society columns
recording the fact that "Lady X—
attired in a silk stockinette dress and
wearing her famous pearls, was
amongst those present," is noted by

the intelligence officer of the gang
and should a further paragraph ap-
pear later announcing that "Lady X—
—, accompanied by her sister, left
for Deauville yesterday, the time be-
comes ripe to commence operations.

A "stool pigeon," or watcher, is
summoned by the chief of the gang.
The same morning, and immediately
after the interview, the "Pigeon"
visits the barber, has his clothes
pressed and makes himself as sprick
as possible.

A little later he knocks at the door
of Lady X's town house, and if a
maid answers the door so much
the better. Maids are more easily
impressed than butlers or footmen.
The "Pigeon" inquires if he may see
Lady X—, and on being informed
that her ladyship has gone abroad
appears greatly distressed. His
business with her ladyship was ex-
tremely urgent.

"Will Lady X—remain abroad
long?" he inquires plaintively.

Then if the maid betrays any
sympathetic sign the "pigeon"
narrates a tale calculated to interest
the domestic in him.

Often she may consent to accom-
pany him for a walk in the evening.
By cautious and careful questioning
the "pigeon" learns a lot of things
about "Lady X" which have not
appeared in the society columns.

Having acquired some useful in-
formation the "pigeon" starts on his
pilgrimage to Deauville and installs
himself either in the hotel with
"Lady X" or in the apartments
occupied by the society leader's
servants. It does not take him
long to strike up an acquaintance
with her ladyship's maid and learn all
the little-tattle of the "pigeon."

He learns incidentally the daily
routine of "Lady X" from the
moment she sips her morning coffee
till her hair is brushed before retiring
to bed.

A few days later the "stool pigeon"
is joined at Deauville by the "inside
man" or "No 1"—that is to say the
actual man entrusted with the task of
relieving "Lady X" of her jewels.

She is pointed out to the "inside
man" at the first available op-
portunity, who makes a mental note
of her appearance, so that he can
recognise her in a crowd. Having
secured a room, either on the floor
above or below her ladyship's suite
the "inside man" watches his op-
portunity of making use of the in-
formation gleaned by the "stool
pigeon."

It is rarely, however, that an
opportunity occurs to obtain the
jewels whilst her ladyship remains at
Deauville. In fact the thieves prefer

to perform their task without re-
sorting to forcible entry methods. It
is when the bustle and excitement of
preparations for departure begin that
the "inside man" becomes alert. He
also prepares to leave. He can be
found in the same train as "Lady
X," often in the same Pullman or
"wagon lit." Should her ladyship
decide to proceed to Paris or spend a
night at Havre, it is pretty certain
that her jewel case will have dis-
appeared by the morning.

Should he fail on this occasion, there
still remains three further opportuni-
ties to annex "Lady X's" property.
The first is at the French Customs,
where the shouting French porters in-
sist on carrying every article of lug-
gage aboard the Cross Channel steamer.
The second is at Dover, and the
last an arrival at one of the London
terminals. Occasionally society women
insist on carrying their jewel cases
themselves, throughout the journey.

The arrangement is the one most
preferred by the "inside man." Like
a hawk ready to swoop on its prey he
watches every movement of "Lady
X." He knows for certain that
"Lady X" is bound to loose her hold
of her jewels for an instant or two.

If she is sitting on deck she may
lay it down to straighten her hat or
to grasp the rail should the boat pitch
or rock. In the case of Mrs. Byrne,
who last jewels valued at £10,000,
she came on deck for a breath of air
for about three minutes.

When she returned to her cabin her
jewels had gone. The "inside man"
had done his task.

The annual report of the Committee
of St. Andrew's Society which has
just been issued, mentions that the
ball for the celebration of St. Andrew's
Day was attended by 1,200 members
and guests, and as a result of the
function there was a surplus of \$150.

The general account opened at the
beginning of the year with a
credit balance of \$49 and closed
with a credit balance of \$33, so
that the expenditure was practically
met by income. The net amount
collected in subscriptions for the
current year was \$1,336, and in
addition a sum of \$382 was collected,
being forward subscriptions which
have been carried to coming year.

The gross amount paid out was
\$1,398, from which has to be deducted
the sum of \$600 in the nature of
refunds, showing a net payment for
the year of \$902. The total mem-
bership of the society is now 711, the
number of new members added
during the year being 39.

HARBOUR RACE.

LYON'S FINE WIN.

The 15th annual harbour race for men, held under the auspices of the Victoria Recreation Club, took place yesterday afternoon, in a rather choppy and cold sea. The race proved to be one of the most keenly contested seen for many a year. The exciting finish between Lyon, Laing and Johnston was a "touch and go" affair, and the result was in doubt 50 yards from the finishing point, especially as Johnston was swimming a straight course in the centre with Lyon and Laing, though slightly in the lead, in clinging to the sides. All three finished strongly within a few seconds of each other. Lyon who was heading for Murray Pier, righted himself in time, and spurring strongly, was unchallenged by Laing who was still inclined toward the V.R.C. bath wall. Johnston was almost upon him when Laing discovered his error, none too early, for he was hard pressed all the way to the finish and got in by the narrow margin of five seconds better than last year's winner.

Lyon finished 11 seconds in front of Laing, in the good time of 26 mins. 47 sec., better than the time in which Johnston won the race so comfortably last year. The record is still held by J. C. Finch who covered the distance in 22 mins. 26 sec. in 1913. He also made the second best time of 23 mins. 24 sec. in 1914.

The crowds which gathered on the water front at Kowloon and in front of Butterfield and Swire's offices, and on the verandahs of the V.R.C., were larger than those on the previous day when Miss Molly Groundwater won the ladies' race. Double the number of boats followed the swimmers.

Nineteen competitors entered for this race. All started, but two left the water after covering about half the distance.

The competitors were: J. V. Ramsay, J. R. Johnston, Y. Kusano, A. Hamid, A. May, Leung Sui Man, Fung Lu Tak, Lung Sui Tak, G. A. Jack, D. Ogilvie, B. Rasmussen, D. Laing, Edgar H. Grimsley, T. Kitagawa, K. Ono, Lyon, A. A. R. Botelho, Gunner McDade and C. B. Easterbrook.

The race started at 5.15 p.m. promptly, opposite the Railway Station's Clock Tower and the swimmers took the water together. They broke into small groups almost immediately. Johnston and Lyon made towards Watchai with May following behind. Laing and Jack took a direct course, followed by McDade. The two leading groups drifted further apart as the race progressed, but by the time the centre of the harbour was reached, they were swimming in a line. Some of the craft following the race were crowded by a junk and had to duck under its bow. A patch of oil also gave trouble to the swimmers, several of whom were sickened by it. Two swimmers gave up after entering this patch, but although affected by it also, the leaders pluckily carried on. It was afterwards learned that everyone suffered from the effects of the oil in some way or other. John had had the misfortune to get some of it in his eyes, and they were badly affected for the rest of the race.

Johnston and Lyon swam level up to the Italian cruiser "Calabria" and passed her stern a considerable distance to the east, while May passed a little closer in, about 2 or 30 yards behind the two. Jack and Laing, who had taken a westward course, crossed the bow of the cruiser practically level with Lyon and Johnston. McDade continued to follow Laing and Jack until three quarters of the distance had been covered, when he drew level with them. Then Jack dropped behind a little and it looked like a struggle between Laing and McDade, as Johnston and Lyon were at a disadvantage owing to their angular course which gave them more distance to cover than the other two. Lyon now took the lead from Johnston and swam about 20 yards in front, spurring strongly. Johnston also spurred strongly and kept his opponent within sight. They met Laing and McDade when within audible distance of the V.R.C. Lyon who was still spurring, did not look where he was going, and taking a direct course to the west, crossed in front of the other three swimmers. He nearly collided with the Judges' launch at Murray Pier before he discovered his mistake which nearly cost him his race. Laing made a wonderful final effort and passed Johnston, gave Lyon a stiff chase, but lost some ground by inclining to the V.R.C. The excitement was great at the finish, and Lyon's win was a popular one.

McDade was a good fourth, followed closely by May and Jack. A. Hamid and Leung Sui-man were the only two who did not finish the course. The others, although they had long given up all hopes of winning the race, very pluckily finished. The time was as follows:—

	M. S.
1. D. Lyon	26.47
2. D. Laing	26.58
3. J. Johnston	27.03
4. Gunner McDade	27.12
5. A. May	27.46
6. G. Jack	27.57
7. J. V. Ramsay	28.45
8. B. Rasmussen	30.49
9. A. A. R. Botelho	35.46
10. D. Ogilvie	36.22
11. Sung Lu Tak	36.28
12. C. B. Easterbrook	36.46
13. Edgar Grimsley	36.50
14. Leung Sui Tak	41.05
15. Y. Kusano	41.13
16. T. Kitagawa	46.57
17. K. Ono	57.57

LAST YEAR'S TIME.

For the purpose of comparison we publish the names and times of the first six men home in last year's race:—

	M. S.
1. J. R. Johnston	26.53
2. D. Laing	28.83
3. G. Jack	28.85
4. Percin	29.55
5. Buechert	30.00
6. J. V. Ramsay	30.08

DISTRIBUTION OF PRIZES.

After the race, a large gathering witnessed the distribution of prizes and the Water Polo Shield and team medals was by the V.R.C. in the Club Hall. His Excellency the Officer Administering the Government (the Hon. Mr. Claud Severn, C.M.G.) gave away the trophies. Amongst those present at the distribution were: Mrs. Bullock, Mr. Eric Rice, Mr. W. Logan, Dr. Forsyth and many others. Addressing the gathering prior to the distribution of prizes, His Excellency said the win of the Water Polo League this year was the V.R.C. with the United Athletic Club and the Luvinia Recreation Club lying for second place. They would have to play a deciding match. In the harbour race for ladies there were nine starters, which was one more than last year. All nine competitors completed the course, the winner, Miss Molly Groundwater, being only 12 years of age. She deserved the greatest credit. She was leading the whole way over and won by a considerable distance. The second prize was won by Mrs. Y. P. Lai Li who finished in first style in 39 mins. 32 sec. He wished particularly to mention two of the competitors, Phyllis and Doris Hunt, who were the youngest swimmers ever to swim the harbour of Hongkong. (Applause). It was a most wonderful performance. "I'm sure," added His Excellency "they will win a little time before they try to do so again."

Continuing, His Excellency said that the men's race had been a very keen event. Those who watched the race would have seen that Lyon and Johnston, swimming together, took a course to the East, while some of the others went to the West. Lyon's time was 26 mins. 47 sec. Laing who took a different course came in second in 26 mins. 58 sec. Johnston was third in 27 mins. 03 sec. It was an exciting finish. They could not have wished for a better contest. The competitors took a great deal of preparation and there were many difficulties to surmount. His Excellency instanced the holding up of the s.s. "President Grant" until the swimmers had cleared her course. Sampson also looked liked getting in the way but generally managed to steer clear.

In conclusion His Excellency thanked all those who were instrumental in making the event a success. They were: Mr. R. M. Dyer, who had kindly assisted by lending two loan boats and who also acted as an umpire. Mr. W. Logan, Dr. Forsyth and Mr. John Rodgers had also acted as umpires. They were also grateful to Inspector Angus of the Water Police. Thanks were also due to Capt. McKinnon for the presentation of the Challenge Cup and the other prize cups. Messrs. J. T. Bagram, N. Y. A. Croncher, E. M. Hazeland, H. Bolyat, F. Lammet and Miss B. Percin.

His Excellency then distributed the prizes amidst much cheering. Cheers for Mr. Severn and for the competitors concluded the event.

KOWLOON BURGLARS.

MR. H. P. WINSLOW'S HOME ROBBED.

The residence of Mr. H. P. Winslow, manager of the British section of the Kowloon Canton Railway was visited last night by a burglar who entered through the bathroom window which had been left open.

Finding his way to Mr. Winslow's bedroom, he forced open a chest of drawers and helped himself to a quantity of jewellery and clothing worth \$380.

The burglar who must have remained in the room for some time tying up the clothing in a bundle, went about his work so quietly that Mr. Winslow was not disturbed.

KING'S C. O. FAREWELLED.

Lieut. Col. F. Hyslop C.B.E., C.O. of the King's (Liverpool Regt.), who left for home with Mrs. Hyslop on the "Kalyan" and is retiring after 33 years' service, was given a rousing send-off by his regiment yesterday afternoon. The men of the King's turned up in full force with their band and the warmth of their farewells was a tribute of which any C.O. might well feel proud. Pending the arrival of Colonel Hyslop's successor, Major Wright will be in temporary command of the King's.

OFFENSIVE TRADES IN KOWLOON.

ADJUSTMENT OF AREAS.

The allotment of offensive trade areas in Kowloon was discussed at yesterday afternoon's meeting of the Sanitary Board which was presided over by the Head of the Sanitary Department (Mr. G. R. Sayer).

The Chairman announced that the Government invited the recommendations of the Board for adjusting offensive trade areas, in view of building development in Kowloon. He had circulated various suggestions made by the Town Planning Committee for Kowloon; they fell under two heads, small readjustments of existing offensive trade areas; secondly, areas to be suggested for totally undeveloped districts, part of San Shui and Kowloon City Bay. He recommended the Board to accept the small readjustments. As to the undeveloped areas, Mr. Sayer admitted that this subject on for offensive trade districts was purely arbitrary; he had noted on the principle that they must be contiguous. It was more a guess but it seemed to be correct to allot one area for offensive trades in every six acres. Some might be on the rear front; others would want cheaper prices. The Government particularly directed attention to the desirability of restricting certain specially offensive trades to particular areas and the removal of tanneries from the East or West end of the Peninsula to the leeward side. On that point, the Medical Officer of Health was of opinion that there was no need whatever to move tanneries in the way suggested. In fact, a tannery, the small one offensive but personally he had never noticed them at all from the outside. But he did suggest that bone-boiling and bone-storing should be entirely restricted to Tai Kok Tsui and not allowed to exist south of Argyle Street. Mr. Sayer concluded by expressing the opinion that the offensive trade areas (for trades other than bone-boiling, etc.) was suitably allotted to the district adjacent to Yau Ma Tei typhoon refuge, and to explain that it did not extend nearer the main road than two lateral street distances. He believed the people resident in the area would be surprised if offensive trades were excluded from their midst.

The Hon. Mr. Chow Shou son agreed that this was so.

Dr. F. M. G. Ozorio remarked that new houses for clerical workers were being built between Orient Buildings and Portland Street and he thought middle class property of that kind should have some consideration.

The Medical Officer of Health (Dr. W. W. Pearce) observed that there was just a fringe of such houses along Nathan Road but the property behind was the usual type of Chinese artisans' dwellings.

The Chairman: We are keeping offensive trades some distance from the main road. Moreover, they are only technically offensive trades.

The Medical Officer of Health: Trades which would become offensive if not properly regulated.

The Hon. Mr. Chow Shou son: And we could refuse permission for a licence in any particular case.

Dr. Ozorio: Not within an offensive area, I think.

The Chairman: Oh, yes.

On the motion of the Chairman, seconded by Mr. C. G. Alabaster K.C. the Board approved the suggested areas.

HOT-WEATHER HEADACHES.

A frequent cause of hot-weather headaches is to put liver. Vigorously stimulate the liver, dislodge constipation, sick headache, or biliousness, use

PINKETTES

the delicate little laxative which neither gripe nor purges. "Pinkettes" promptly regulate the bowels, clear the skin, remove all traces of constipation, and prevent the return of the attack. Get them from the Dr. Williams' Medicine Co., 24, Exchange Street, Shanghai.

SPORT.

INTERPORT POLO.

NEXT WEEK'S ARRANGEMENTS.

Mr. White, a member of the Manila Interport Polo team which is to play here next week, arrived by the s.s. "President Taft" yesterday, accompanied by Mrs. White. The other members of the visiting team—Major Howell, Capt. Ball and Mr. McPherson—are due to arrive by the s.s. "Aki Maru" to-morrow, so that they will have practically a week in which to practise and get acquainted with their mounts before the big match against Hongkong, which has been fixed for Wednesday, October 18. Col. Johnson, another player who was to have come out with the American team, is unable, at the last moment, to make the trip, but he will be able to reach Hongkong on the day prior to the match. All the members of the Manila team will be accompanied by their wives.

The Hongkong team has not yet been definitely decided upon, as it is still uncertain whether Capt. Fisher, who fractured his collar bone some time ago, will be allowed to play. In the event of Capt. Fisher dropping out, Hongkong is certain to be represented by the following well known players who are the best in the Colony at present—Mr. Boyd, Capt. Neville, Mr. Dent and Mr. Bartholomew.

The question of ponies for the match is also causing a little difficulty, as there has been quite a lot of sickness and lameness among the polo ponies in Hongkong, especially in the stable of the King's Regiment, where sickness has been so rife that the number of playable ponies was reduced to a total of 20. However, a number of the ponies are recovering just now, and it is hoped that there will be a fair number to select from by the time the match is due to be played.

Arrangements at Causeway Bay are well in hand. Special stands for Polo Club members and for members of the public are being erected as well as tents for both the public and for members. The United States Naval Pacific Fleet, which has been expected in port for some time will probably be in port for the match and the Officers of the Fleet are to be the guests of the Hongkong Polo Club at the match.

The teams on this occasion will not meet on a handicap, which was the system of play at Manila. Both teams will meet on a level footing.

So far two subsidiary matches have been arranged. The Manila team is to meet the U.S.R.C. on Monday, the 16th inst., and will play against a team of Civilian on Saturday, the 21st inst.

BASEBALL.

U.S. TEAM TO TOUR JAPAN.

WILL VISIT HONGKONG.

San Francisco, September 11.—Herbert Hunter, formerly of the Giants and Cubs and since baseball coach of students in Japan, has made tentative selections of a number of the big league players he expects to take to Japan, Manila and China this fall. He has had correspondence with Ben Johnson of the American League about the players, and recently called on John Hayder to talk about the likely National League selections.

According to Hunter, one of those who is helping to make the trip is Professor Isao Abe, the Walter Camp of Nippon and connected with Waseda University. Among the sixteen games the teams will play in Japan will be several with the Waseda and Keio University lines.

The trip will start at Vancouver October 19 and wind up at San Francisco February 2. Outside of Japan and Manila it isn't probable that any games will be attempted, though one may be put on in Shanghai or Hongkong. However, the trip will take in Manchuria, Peking and Hongkong for sightseeing purposes. The return will be by way of Honolulu, and a game will be played there on January 19.

Six games are to be played in Tokyo, Saturdays and Sundays only, and four in Manila, and Elks and Rotary clubs will be hosts to the travellers in the Philippines.

Hunter preferred not to discuss the personnel of the teams until they are finally selected. However, it is believed that Robertson of the White Sox, Falk, Ellerbe, Hoyt, McNally, Stephens, Perkins, Kelly, Young, Hollocher, Neff and Lavan, among others, may be in the party.

Sunshine and Common Sense.

Don't doctor your blood for rheumatism. Don't use an external application of Chamberlain's Pain Balm. In a few days it will get you up and out into the sunshine. Then Nature will restore the rich red blood to your veins and will fill the system of this trouble no disease. For sale by all Chemists and Druggists.

AND WHY NOT?

HONGKONG'S INTELLECTUAL LASSITUDE.

A correspondent signing himself "Crotchety" contributes the following to the China Mail:—

Sir,—Under the caption "If" in your Saturday's issue you briefly refer to the fact that whilst we bemoan the lack of theatre entertainments, when they come, we leave those who have braved the perils of a Far-Eastern tour to play to half-empty houses, without profit to themselves and certainly no profit to ourselves, intellectual or otherwise.

Entertainments may be bad, the critical faculty based on no clear thinking is as dogmatic here as it is elsewhere, but I advance the argument that there is no entertainment however banal it may be in its general offering which has not something good or artistic about it.

What is the reason for the apparent lack of support for the most common companies who pay us a visit? A great criticism is the amount charged for admittance. I will not write space in arguing this side of the matter which has been dealt with before. Rather would I make a suggestion that something be done to ensure that artists of repute are accorded a welcome in keeping with their position in the artistic world. Is it not possible for the few Societies, which exist in the Colony that can be said to be interested in Art in some form or another to be united under one head, each section retaining its individuality, to see that some effort is made to ensure those who visit us getting a fair chance?

I see no objection to the A.D.C. the Sketch Club, and Philharmonic Society (if they still exist) and the Book Club getting together to see what can be done to remedy what, for a place which possesses a University and considers itself more or less enlightened, a sad state of affairs and likely to do the Colony an immense amount of harm in more ways than one. Such a body could be that artists are fitly welcomed; it could act as a body capable of giving advice, and link itself to similar organizations in other ports and finally with a London body keep in touch with the best that is offing. The scheme sounds utopian, but is there anything impossible in the idea of local artistic institutions being bound together as I have indicated?

I believe one-time residents who return are struck at the apparent lack of our intellectual pursuits.

It may be true. It certainly does not redound to our credit that we are content in the main to be satisfied with cinema shows, excellent as they sometimes are, as our staple diet of evening recreation. We get no help in intellectual affairs from our University. A recent letter in the press dealt with University services or sermons. If I am right it was argued that this is a University city and therefore had to have such sermons. Has anyone ever heard of University Extension lectures being given here? Surely a desideratum!

I have rambled somewhat, but I trust that others of your readers will think the matter out and offer opinions, sympathetic or otherwise.

CARLISLE'S COMMANDER.

CAPTAIN EVANS FAREWELLED IN SHANGHAI.

At 11 o'clock on October 5, H.M.S. Carlisle (Captain G. S. Dickens, C.M.G.) left the Naval Officer's Quay and proceeded to sea, en route to Vladivostok. In connection with her departure (says the N.C. Daily News) a particularly interesting event occurred. The command of the cruiser has just been changed, and aboard the "Carlisle" it was felt that as she was leaving port almost at the same time as her former commander, Captain E. B. G. Evans, C.B., D.S.O., something in the nature of a farewell ceremony might take place. Accordingly a message was transmitted to Captain Evans asking him to take post on the Garden Bridge at 11 a.m. when the "Carlisle" would be proceeding down river. He was there, and as the ship swung round the bend Captain Dickens could be heard calling for three cheers from the crew, who were drawn up on the fore-castle, for Captain Evans. These were given in a manner which could be heard the whole length of the Bund, and at the same time a string of flags was broken at the mast head signalling "Good-bye." While the "Carlisle" is expected to remain for some time at Vladivostok, Captain Evans is proceeding home via America.

Chamberlain's Pain Balm.

There is nothing so good for muscular rheumatism sprains, lumbago, or any of the many aches, bruises and like injuries as Chamberlain's Pain Balm. It will effect a cure in less than any other treatment. For sale by all Chemists and Druggists.

HONGKONG HOTEL CAFETERIA.

SANITARY BOARD DISCUSSION.

An application for permission to erect a cafeteria in the Hongkong Hotel building came before the Sanitary Board yesterday afternoon.

The Director of Public Works (the Hon. Mr. T. L. Perkins) said that he would remember that an application was previously made for a hairdressing saloon, but the location was not considered a suitable place. It did not seem to him to be a very desirable place for a cafeteria either, whatever that might be. By putting a building there, they would to some extent block up the open space. He believed there was some kind of rough shed there already, which was more or less illegal and he did not think the new conditions would be any worse. It was a little difficult to strain the Ordinance to meet each particular case. Provided he was assured that the place would not be used as a domestic building—that nobody would be allowed to live there—he would not raise any objection.

Dr. Ozorio: What do you mean by a domestic building? People will sit there and take tea.

Hon. Mr. Perkins: A domestic building within the Ordinance.

Dr. Ozorio: I think the Board should hesitate before granting the application.

The Medical Officer of Health (Dr. W. W. Pearce) said he objected to the construction of a hairdressing saloon in this confined space, because a hairdressing saloon required a considerable amount of ventilation. He did not object to a cafeteria provided that there was no cooking or washing of dirty dishes done there. He understood from a representative of the Hotel, who interviewed him before the application was sent in, that the kitchen would be on the first floor of the Hotel. This being so and provided, as the Director of Public Works had already pointed out, that the ground floor should be used only for non-domestic purposes, he had no objection.

Dr. Ozorio said that if the place was not properly ventilated then he did not think the application should be granted.

Dr. Pearce: The Hotel people call it a cafeteria; but I don't think it will be a cafeteria on the American style. I should call it a lunch counter. The Board approved the application.

Secret SKIN TROUBLES

A Well-known Physician says that he comes across some terrible cases—and

because there is a natural disinclination to seek advice, sufferers either neglect the trouble in its early stages, or else make matters worse by using crude ointments composed of animal fats and poisonous minerals. Whilst these may hide-up surface trouble, they drive disease further into the skin, making it more difficult to cure.

You cannot thoroughly and permanently banish such diseases as eczema, ulcers, psoriasis, ringworm, poisoned sores, etc., unless you first destroy all disease germs. Zam-Buk does this quickly and thoroughly.

This precious balm is absolutely unique in its soothing, healing and germicidal strength. Its pure and powerful herbal essences, penetrate right into the skin, down to the weakened and diseased inner tissues, where the poisonous germs mainly are. Thus Zam-Buk

UPROOTS DISEASE AT ITS VERY SOURCE.

The first application of Zam-Buk ends the dreadful itching and when all sore inflamed parts have been thoroughly soothed and purified by Zam-Buk, every trace of disease is made to disappear, and there is a splendid new growth of clear healthy skin.

Don't endure skin torture a day longer! Get Zam-Buk to-day! Apply it to the first itchy spot, sore or eruption; use it for healing cuts, burns, scalds, boils, abscesses, ulcers, sore feet and poisoned wounds, etc. also for weakening, painful piles. Zam-Buk is scientifically prepared in silver-lined vessels, under conditions ensuring the highest standard of purity and refinement.

During the whole process of manufacture Zam-Buk is never touched by human hands, and it is guaranteed

FREE FROM ALL ANIMAL FAT

DR. F. A. BANGS, CHIEF MEDICAL OFFICER, U.S. ARMY, writes: "I have found Zam-Buk to be a most effective remedy for eczema, ringworm, ulcers and abscesses. Zam-Buk being of pure herbal origin, is easily absorbed by the system, and does not cause any of the harmful effects of fatty animal ingredients."

MR. FRANK SCUDAMORE, the famous War Correspondent, had a simple scratch that developed into chronic itching eczema. He tried many remedies, but nothing helped. He then tried Zam-Buk and in a few days the itching stopped, and the skin began to heal. He writes: "Zam-Buk is a most effective remedy for skin diseases, and I have found Zam-Buk to be a most effective remedy in cases of eczema, heat rash and jungle sores."

Zam-Buk is obtainable in handy sized boxes of all chemists and medical dealers in Hongkong, Shanghai and the Straits. Free sample box and address of nearest agent can be had from The Zam-Buk Laboratories, Leeds, R. G. 10.

Zam-Buk THE WORLD'S GREATEST SKIN-CURE

50 golden Virginia cigarettes

Here is a very convenient way to buy Old Mill cigarettes. This tin of fifty is sealed air-tight and moisture-proof by a vacuum process.

Every cigarette, down to the last one, is firm and fresh and full of flavour.

And Old Mill cigarettes are made of high-grade golden Virginia tobacco—nothing else. That's why they taste so good.

Buy a tin today.
